PART 1 — تعريف نفسك في Interview

0.01. أول 30 ثانية

Software Developer 0.01.01

Hi, my name is Mazen. I'm a full-stack developer specializing in .NET and Angular. I have been working with .NET and Angular for the past two years. I mainly work on building web applications, developing APIs, working with databases, and integrating front-end and back-end systems. I'm currently looking for an opportunity where I can contribute to a strong development team and continue improving my technical skills.

0.01.02. ليه استخدمنا كل زمن؟

.My name is Mazen

→ Present Simple: حقيقة عنك.

.I'm a full-stack developer

→ Present Simple: وظيفتك الحالية.

.I have been working with .NET and Angular for the past two years

→ Present Perfect Continuous: بدأت في الماضي ولسه مستمر، والتركيز على المدة.

.I mainly work on building web applications

→ Present Simple: دي مسؤولياتك المعتادة.

.I'm currently looking for an opportunity

→ Present Continuous: ده شيء بتعمله حاليًا.

Tell me about yourself .2

Sure. I'm a full-stack developer with experience in .NET and Angular. I mainly work on Web APIs, databases, authentication, and front-end development. I've worked on several features and projects, and I've learned how to solve technical problems and work effectively with a team. I'm now looking for a position where I can grow as a developer and contribute to real-world projects

0.01.03 الأزمنة

.I'm a full-stack developer

→ Present Simple: حالتك الحالية.

→ Present Perfect: خبرة سابقة بدون التركيز على وقت محدد.

...I've learned

→ Present Perfect: مهارة اكتسبتها وليس معاك.

...I'm now looking for

→ Present Continuous: وضعك الحالي.

.3 What do you do ?

I work as a full-stack developer. I develop APIs using .NET, build front-end applications with Angular, and work with SQL Server databases. I also work on authentication, authorization, and integrating different parts of the application

→ Present Simple: كله.

ليه ؟ لأنك بتشرح وظيفتك ومسؤولياتك المعتادة.

4. What are you working on currently?

I'm currently working on a web application. I'm developing some APIs, fixing bugs, and improving the application's performance.

→ Present Continuous

ليه؟ interviewer يسأل عن الحاجة اللي شغال عليها حاليًا.

محادثة Software Team كاملة — PART 9

Developer A 0.31.01

.Good morning. Yesterday, I fixed the authentication bug and opened a pull request

→ Past Simple: أمس.

Developer B 0.31.02

.Great. I've reviewed the pull request, and I've left a few comments

→ Present Perfect: المراجعة خلصت وال comments موجودة.

Developer A 0.31.03

.Thanks. I'll check the comments today. I'm also working on the user management feature

→ I'll check = قرار/التزام.

→ I'm working = شغل حالي.

Developer B 0.31.04

?Have you finished the API

→ Present Perfect: هل خلصت لحد الآن؟

Developer A 0.31.05

.Not yet. I've completed the GET and POST endpoints, but I'm still working on the update endpoint

→ I've completed = أجزاء خلصت.

→ I'm still working = الجزء مستمر.

Developer B 0.31.06

?Do you need any help

→ Present Simple: احتياج حالي.

Developer A 0.31.07

.I think I'm okay, but I might need help with the validation later

→ I think = رأي.

→ might = احتمال.

Developer B 0.31.08

.Sure. Let me know if you need anything

→ Present Simple بعد if.

PART 10 — Customer Service Conversation

Customer 0.31.09

.I've been trying to make a payment since this morning, but it hasn't worked

→ Present Perfect Continuous: المحاولة مستمرة من الصبح.

→ Present Perfect: النتيجة حتى الآن إن الدفع لم ينجح.

Agent 0.31.10

.I understand. Let me check your account

→ I understand: حالة حالية.

Agent 0.31.11

.I'm checking the transaction now

→ Present Continuous: الفحص الآن.

Agent 0.31.12

.I've found the issue. Your card has expired

→ Present Perfect: اكتشاف المشكلة الآن.

Customer 0.31.13

?What should I do

→ should: يسأل عن الحل.

Agent 0.31.14

→ can = إمكانية.

→ will = عرض/التزام.

Customer 0.31.15

.Okay. I've updated the card

→ Present Perfect: التحديث تم والنتيجة موجودة.

Agent 0.31.16

.Great. Please try the payment again

→ Imperative مهذب.

كاملة PART 11 — Client Call

Developer 0.31.17

.Hi Ahmed, this is Mazen from the development team. I'm calling to discuss the new payment requirement

→ I'm calling: سبب المكالمة الحالية.

Client 0.31.18

?Sure. What do you need to know

Developer 0.31.19

?We'd like to clarify how the payment flow should work. What should happen if the payment fails

→ We'd like: طلب مهذب.

→ behavior: should happen المطلوب.

Client 0.31.20

.The user should see an error message and should be able to try again

Developer 0.31.21

?Got it. So, if the payment fails, we'll show an error message and allow the user to retry. Is that correct

→ .if + Present Simple

→ will = نتيجة مستقبلية.

Client 0.31.22

.Yes, that's correct

Developer 0.31.23

.Great. I'll discuss the implementation with the team and get back to you tomorrow

→ will = التزام.

PART 12 — مشكلة وتأخير

Client 0.31.24

?Why hasn't the feature been released yet

→ Present Perfect Passive: لسه لحد الآن ما انتشرتش.

Developer 0.31.25

.We've encountered a technical issue during testing

→ Present Perfect: المشكلة حصلت ولسه مؤثرة.

Developer 0.31.26

.We're currently working on a fix

→ Present Continuous: بنشتغل على الحل الآن.

Client 0.31.27

→ Future Simple: سؤال عن المستقبل.

Developer 0.31.28

.We expect it to be ready by tomorrow. I'll update you if anything changes

→ expect = توقع.

→ will = التزام.

PART 13 — لو العميل سأل سؤال صعب

.That's a good question. Let me check that with the team and get back to you

أو:

.I'm not completely sure, so I don't want to give you the wrong information. Let me verify it first

دي جمل احترافية جدًا.

PART 14 — لو مش فاهم العميل

?Sorry, could you repeat that

?Could you explain that in a different way

?Could you give me an example

?...Just to make sure I understand correctly, do you mean that

?...So, if I understand correctly, you're asking us to

PART 15 — لو محتاج وقت للتفكير

.Let me think about that for a moment

.That's a good point

.Let me make sure I understand the question

.I'll need to check that before I give you an answer

PART 16 — شرح Technical Concept للعميل

لو بتشرح كيف النظام يعمل استخدم غالبًا Present Simple:

.The application stores the user's information in the database

.When the user logs in, the API validates the credentials

.If the credentials are valid, the API returns an access token

.The token is then used to authenticate future requests

0.31.29 ليه؟

لأنك بتشرح **Behavior** ثابت في النظام.

وال **Passive** مفيد لما العملية أهم من الفاعل.

PART 17 — شرح Bug للعميل

0.31.30 Behavior متكرر

.When the user submits the form without entering an email address, the system displays an error message

→ Present Simple: behavior متكرر.

0.31.31 Bug حصل

.Yesterday, the system displayed an error message even when the email address was valid

→ Past Simple: حدث محدد.

0.31.32 Bug حالي

.The system is currently displaying the error even when the email is valid

→ Present Continuous: المشكلة بتحصل حاليًا.

PART 18 — Passive Voice في Software

.The API was deployed yesterday

→ Past Simple Passive

.The bug has been fixed

→ Present Perfect Passive

.The database is being updated

→ Present Continuous Passive

.The request is validated before it is processed

→ Present Simple Passive

.The data will be stored securely

→ Future Passive

0.31.33 Passive فيه مهم؟

لأنك في Software بتتكلم كتير عن:

• API

• Request

- Response •
- Database •
- Deployment •
- Bug •
- Feature •
- Test •
- Data •

ومش مهم كل مرة تقول مين عمل الفعل.

... ,First

... ,Then

... ,After that

... ,However

... ,Therefore

... ,For example

... ,In addition

... ,As a result

... ,Finally

0.31.34 مثال

First, we validate the request. Then, we process the payment. After that, we save the transaction. Finally, we return the response.

→ Present Simple كله لأنك بتشرح Flow ثابت.

I found a bug yesterday. → Past Simple .1

I'm investigating it now. → Present Continuous .1

I haven't found the root cause yet. → Present Perfect .1

I've been investigating it for two hours. → Present Perfect Continuous .1

I'll update the team when I find the cause. → Future + Present Simple after when .1

لو قدرت تعمل الخمس جمل من غير ترجمة في دماغك، أنت بدأت تستخدم الأزمنة بدل ما تحفظها.

PART 35 — FINAL MASTER EXAMPLE

لو أنت Software Developer وبتشرح يومك:

I work as a full-stack developer, and I mainly develop APIs and web applications. I've been working with .NET and Angular for two years. Currently, I'm working on a new authentication feature. Yesterday, I fixed a bug in the login process. I've already completed the main API, but I'm still testing the edge cases. We had been using an old authentication approach before we decided to move to JWT. If the tests pass, we'll deploy the feature tomorrow. I'll update the team after the deployment

0.38.01 التحليل

I work as a full-stack developer
