Notes

- **Higher-level words/phrases** were prioritized over very basic A1–A2 vocabulary such as *okay, good, school, pencil, sand, Monday, and chocolate*
- Some entries are **phrases/idioms** rather than single words because they are valuable for understanding natural spoken English
- The transcript sentence is kept close to the supplied wording, while the additional sentence is written in a natural, high-quality English style
- Egyptian Arabic translations are intentionally conversational rather than Modern Standard Arabic
